[REDACTED] called me after his mtg. with the Bros. from Warehouse Point. (about 10:25 PM)

His "take" on it was a bit Kinder to himself than what was described by Bro [REDACTED]. (Bro. [REDACTED] + other Bros. had met

with [REDACTED] this nite after the mtg to get his comments and reaction regarding [REDACTED]'s letter accusing him of abuse.) He let on that he approached them.

Minuter later, Bro [REDACTED] called me to participate in a three-way telephone conversation where [REDACTED] (his wife) made a formal accusation saying "this is without my mother's knowledge! I am formally charging you with sexual abuse when I was a child - which included Penetration."

She then left the phone. [REDACTED]'s reaction was sounding great astonishment.

At that point [REDACTED] hung up the phone, which broke the connection.

A few minuter after, [REDACTED] called me. Being greatly upset, saying [REDACTED], his fiancée was upset asking "can you tell me these things are not true?" [REDACTED] said that Deborah could strike him with lightning if he was guilty. I instructed [REDACTED] to search his memory for accurate

details about his recollection of these events while with his daughter so that when we get together with a judicial committee he can make a defence.

At this point, he expects to have a chance to defend himself whereas previously he was frustrated at not being able to do so.

He did seem to want to meet face to face with his accuser.
